## About the exhibition

Welcome to the Augmented Society RSA Thematic Network's 2023 exhibition. This unique and exciting exhibition turns RSA House London into the portal through which you can explore the creative work of contributors from Bogota to Rabat, Las Vegas to London, and beyond. You will see the creative mind at work, explore original works, digital works, and be able to explore, wherever you are in the world, using the ASN Virtual Reality Gallery.

You can also meet the contributors and hear them speak about their creative experience in the virtual reality gallery during the exhibition, see <https://www.augmentedociety.org> for event details (No headset required!). **See creativity in action, join our discussions, and start your own creative journey.**

**Exhibition organised by Zoe Camper FRSA and Julie Samuels FRSA – The ASN Network**

## The Contributors

[26+ artists, thinkers and educators](#) from around the world.

## The RSA

***Enabling people, places and the planet to flourish in harmony.***

We are the RSA. The royal society for the encouragement of arts, manufactures and commerce. Where world-leading ideas are turned into world-changing actions. Our vision is a world where everyone can fulfil their potential and contribute to more resilient, rebalanced and regenerative futures.
